

JOHN S. SAYWARD, Editor.

THURSDAY, MARCH 21, 1844.

FOR PRESIDENT,

HENRY CLAY  
OF KENTUCKY.FOR VICE PRESIDENT,  
GEORGE EVANS,  
OF MAINE.SUBJECT TO THE DECISION OF THE BALTIMORE  
WHIG CONVENTION.

## CONGRESSIONAL NOMINATIONS.

Special Election, April 1st, 1844.  
1st Dist. EBEN JEROME HUTCHINSON.  
2d Dist. THOMAS ROBINSON.

## St Patrick's Day.

The Bangor Catholic Temperance Association celebrated the Festival of St Patrick in this city on Monday. A procession was formed in the forenoon, and preceded by the brass band marched from the Washingtonian Hall to the Chapel where appropriate religious services were held. The procession then marched through several of our streets and after a brief recess at the Washingtonian Hall, marched to the Repeal Hall where, with a number of invited guests, the association partook of an excellent dinner, provided for the occasion by members of the Society.

After suitable attention had been paid to the substantial, a fine dessert of fruit was furnished and the President, Rev Mr O'Sullivan called the company to order, and the following toasts were announced by the toast master Mr John Dunn and responded to by the music of the band in attendance and the hearty cheers of the company.

## Regular Toasts.

Saint Patrick's day—A day to commemorate the holy and miraculous life of Ireland's patron Saint—May Irishmen in all parts of the world find out the true way to celebrate it as we do, on total principles.

Father Mathew—The great apostle of temperance and moral regenerator of Ireland, preparing his sons for a great blessing self government.

The Temperance tree planted in Ireland—May its roots be watered by streams of love and unity until its foliage shades the whole of the human race from the burning sparks of that fiery dragon, alcohol.

Daniel O'Connell our temperance brother—The champion of civil and religious liberty may he live to see his great work complete—his country numbered among the independent Nations of the earth.

Our Washingtonian Brethren and their kindred societies in the good cause of total abstinence—May their labors be crowned with success.

The President of the United States and members of Government—May they never forget the services rendered to their country by the sons of the Emerald Isle—and may they place that confidence in them that they are willing and able to perch the American Eagle on the lofty summit of Oregon territory when in their wisdom they may call them to such action.

The Governor and public officers of the State of Maine—may they show as daring a front to overthrow General Buell as they did to overthrow Gen Harvey in the late Aroostook war.

The fair sex—the hope and promise of crushing the serpents head—may their tears never flow by the infuriated threats of a drunken husband.

Reverend Father O'Sullivan our Catholic temperance President—indefatigable in the cause—May he enjoy long life in his holy avocation.

The Army and Navy of the United States—When called on by their country to repel an invading foe—may their bosoms glow with the spirit of a Warren or Montgomery.

The repealers of Europe and America—Men who spurn kingly tyranny and despotic oppression—may they ever be endowed with such principles until the whole of the human race enjoys equal rights and liberties.

The Public Press—May it long enjoy liberty unbounded all over the globe.

The City of Bangor and its rising greatness—May its people enjoy the blessing of domestic freedom in all its purity.

The President announced to the company that the invited guests who had appeared in answer to their invitations represented the Press the Bar and other professions. He then called upon them separately in responding to which, remarks were made by Col. Gorham Park, Mr. J. S. Sayward, N. Hatch, Esq. A. Walker, Esq., Allen Haines, Esq., Col. Ephraim Moulton and Mr. A. Higgins.

Out of an abundance of Volunteers Toasts we have only been able to collect the following

By A. Hatch, Esq.—The cause of temperance is the cause of humanity—May the members of this society ever feel a deep interest in its onward progress and enjoy that greatest of all rewards, the glorious satisfaction of having discharged their whole duty in contributing to its final success.

By Asa Walker, Esq.—The sons and daughters of sweet Ireland—Their Pittman will "agitate" until Ireland is free—their philanthropy will "agitate" until man is free.

By H. M. Higgins President of the Washingtonian Society—TEMPERANCE—We recognize no man, as the author of temperance. It is a principle, that should have had a conspicuous place around the rules by which man is governed. And we had the development, by Father

Mathew and O'Connell of Ireland, and the Baltimorean reformers of this country, as a glorious era in the history of man.

We sincerely hope the day is not far distant, when not only in Ireland and America, but in all lands, its powers shall be acknowledged, and homes now made miserable by its neglect, shall be made happy by adopting the pledge of abstinence from every thing that intoxicates.

By Michael Boyce. The Cold Water Army—A band of brothers at war with the devil and all his imps—May the former soon be as victorious as my name-sake of Old.

By Timothy Sullivan.  
May England's rose wither and die,  
And Erin's Shamrock be reared on high;  
May Hibernia's harp proclaim the strains  
Of liberty, o'er her verdant plains.  
And as Father Mathew has healed our woe,  
So may O'Connell strike the blow  
For freedom's cause, the Union's repeal,  
And thus bless Erin with power and weal.

By John Timmons.

Ireland—May her career through ages yet unborn, be as prosperous and brilliant under her own administration as it has been dark and bloody under the tyrannical rule of the English government.

By Peter Shields. May Temperance and Repeal march hand and hand together, and be linked with brotherly affection assisting each other by their powerful influence until they overthrow all obstacles and affect their purpose.

By Thos. Gillespie. The memory of Robert Emmet—May circumstances soon admit of his dying request being complied with, and may the Immortal O'Connell write his Epitaph.

By Daniel Laine.  
May peace and plenty ever smile  
Down on nature's lovely Isle;  
May Dan's exertions never fail,  
But legal measures win repeat.

By James Mahoney. Ireland—May the day not be far distant when the great O'Connell will place her parallel with her neighbors, far above her enemies, and make an addition to the pages of republican history.

By John Hall. May the power that drove out the reptiles from old Ireland be invested on Father Mathew to drive out the Monster Intemperance, and may the blessings of Heaven rest on Daniel O'Connell to regain her freedom, and may generations yet unborn rise up to celebrate this day with the banner of FREEDOM floating over their heads, when Father Mathew and O'Connell shall be with St. Patrick.

## Annexation of Texas.

The rumors and the rapidly developing incidents relative to the annexation of Texas are galloping so rapidly over the course that we have scarce time to take a fair view of one fact in the matter, before another comes tumbling headlong upon his predecessor, in turn to be jumped upon by his follower. Thus we have a rumor that the President has actually signed a Treaty for the Annexation of Texas; then that Gen. Henderson is on his way with the treaty begun by Mr Upshur and that it will soon be signed by both governments and offered to the Senate. The subject has indirectly been up in both Houses of Congress and the matter seems to be reaching a crisis very rapidly.

A large society with ample means for publishing and circulating documents has been formed at Washington—Senators and many members of the House from the North approve. This is one of the most fearful subjects that is soon likely to engage the attention of the people and we fear, greatly fear the result of the bold and rapid movements made in regard to it.

The editor of the Gazette, betrays, we think some tender point in its remarks upon our allusions to the course of the recent change in the editorial department of that paper. Perhaps it is not our business or the business of any one but the parties immediately concerned. The Gazette intimates as much, and does not like to be annoyed with these personal matters. Very well, we have exercised the yankee privilege of guessing and find our conclusion quite correct. The happy *knock* shown in plowing upon the word *economy* is worthy of all admiration. As a sufficient reply to all the insinuations of the Gazette and its labored attempt to wrest the meaning of our word *economy* we will quote an old author; "There is that scattereth, and yet increaseth; and there is that withholdeth more than is meet, but it tendeth to poverty."

We should have stated several days since that Asa Walker, Esq., has taken charge of the Daily Gazette in this city, and in his salutatory has extended the warm and friendly fellowship to his editorial brethren. The well known reputation of Mr Walker is sufficient to secure him a cordial reception to the editorial fraternity. We are not the less sincere in expressing our well nighs to acknowledge him as a worthy brother in the profession, on account of the gentle hint given us in a late number of the Gazette.

We are requested to state that Mr John N. Barnard, a well informed, highly approved and efficient Washingtonian Lecturer, who has been on a successful Temperance tour to the eastern part of this state will lecture in this city and the principal towns on his route from March 21 to April 15. Pittman will be present. Mr B. is expected in this city on the 25th inst.

A writer of the Niles' Telegraph says—*I* do not blame an Englishman for hating England, but an American who prefers English manufacturers to American—to that made at his own door and by his own neighbors, at least an American with English feelings, and should expect honors from England, if he gets them anywhere.

## Abuse of Henry Clay.

To the Editor of the Whig and Courier.

In these days of light and religion, is it not somewhat strange, that any one can be found so destitute of moral and religious principle, as to be guilty of reporting base and inhuman charges against Henry Clay, the man that all parties, and all citizens, since he first entered political life, have been most proud to acknowledge as a friend and leader, or as a noble opponent, one possessed of the highest and most noble traits of character, and always open and frank to his injury; generous to all, and with one of the most unspotted political lives that was ever enrolled among our statesmen. Who are they that are constantly humoring in our ears, "Henry Clay is a duelist?" The supporters of him, who on a certain time left a certain gentleman of his acquaintance in the following state—(to use his own words), "I left the d—d rascal weltering in his gore!" Strange! surpassing strange! how shocking! Henry Clay a duelist, but he is very particular to leave his gentlemanly acquaintances in a gentlemanly manner. If he has been a duellist, it was for his country; and for his country, his courage has always been applied; where, but in fearlessly doing his duty as champion of the administration in the last war, were the seeds of the celebrated John Randolph duel sown?

And who are they that talk after the following manner?

"You cannot carry the State for Henry Clay, for we are going into the *Ciley* duel business, and are going to make all the capital out of it we can, and poor Ciley's death shall be our life, and we will make it up, paste it over with new varnished lies, and offer it as the only original and genuine article that will restore the self-styled Democracy of Maine to its original proprietors," viz. the Van Buren office holders. And now, Mr Editor, to the facts in regard to this duel, so notoriously known as the *Ciley* *Duel*.

Every one must know that the prominent men of the several State delegations in Congress, are consulted when any of their number get into any political difficulty. Mr Ciley went to Congress with the avowed purpose of fighting if he was challenged, and it is far to suppose that if any one makes such an avowal, he envies an invitation, especially so, when they are known to be good marksmen, and boast of it as in this case. Mr Ciley got into difficulty with Mr Graves of Kentucky. Mr Ciley chooses the most deadly weapon, rifles, and, by the way, he was a most excellent shot. Mr Graves is obliged to accept, although being entirely unacquainted with its use; they inform their confidential friends of their troubles, and receive their advice and consolation. Mr Clay did all he could that an explanation might be given, as a friend of Mr Graves, and regretted extremely that he had been consulted. How was it with Mr Ciley's confidential friend and adviser, the Hon. Ruel Williams? and far be it from me to insinuate that he urged Ciley on, but could he not have prevented the duel? Was not poor Ciley's life in his hands, and could he not have had an interposition of the legal authorities, if advice failed? but he did not, he acted rightly, and acted the honorable man. As long as Ciley made him his confidential friend, he ought not to act as a child, and babble the aspirations of his friend.

The true state of the case, he very eloquently wrote at this time, to his son J. H. Williams of Augusta, which was read in the Augusta Post Office to some twenty very respectable men. It was in the following language: "He [Ciley] is confident of success, and if he is successful, it will give him such a standing in Congress, as no other New England man ever enjoyed."

But very unfortunately for Mr Ciley, as well as for himself, he had to write a postscript, that "Ciley's corps had just been brought in."—And, to conclude, every one to look at this case rightly must in their pity for Mr Ciley and his afflicted family acknowledge that he died attempting to kill, and by the law of duelling, which he acknowledged to be correct.

NO DUELIST.

CONGRESS.

WASHINGTON, Friday, March 15.

In Senate: Two communications were received from the Treasury Department.

A few uninteresting bills and memorials were reported, and presented.

A message in writing was received from the President.

The Bill from the House to repeal the act distributing the proceeds of the subs of the public lands among the States was taken up.

Mr Crittenden moved to lay it on the table. Mr King asked him, if with a view of calling it up again?

Mr Crittenden replied, never, as long as I live! The yeas and nays were taken on the motion, and the bill was thus disposed of by a vote of 22 to 19.

The Senate adjourned until Monday.

In House, The first business was the resolution offered by Mr. C. Johnson, for terminating the debate upon the Military Academy bill. The bill was finally passed.

Mr Whittier submitted a resolution against the annexation of Texas, and proving that Wednesday, the 20th inst., should be set apart for its consideration. Objected to, and the House refused to suspend.

The Rhode Island question was called up, and postponed until Tuesday next.

The House then passed to the consideration of private business.

WASHINGTON, Saturday, March 16.

The Senate was not in session on today.

In the House, the report of Mr. Sonnen of Ct, from the Select Committee for the investigation of alleged abuses in the contracts for engr. work and in gratifying the House for the 23rd and 24th Congress acame up.

Mr Adams moved a suspension of the rules for the reception of a resolution, to which objection had been made, calling for information from the President as to the circumstances of the Dorr insurrection in Rhode Island, the measures taken by him to quell it, &c. Reinstated.

After debate, two or three private bills were passed.

First class Cars to Oldtown 38cts.

Forward " " 30 " which is 25 per

cent less than former rates.

E. HARRIS, Superintendent.

Oct. 21st 1843.

Dr. D. Jayne's  
FAMILY MEDICINES.

JAYNE'S EXPECTORANT.

THIS invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have used it for Asthma, Coughs, Spitting of Blood, Whooping Cough, Croup or Hives, Consumption, Ulcers, Pleurisy, Hoarseness, Pain and Soresness of the Breas, Difficulty of Breathing, and every other disease of the LUNGS and BREAST, can do so to its usefulness. BRONCHITIS, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of CONSUMPTION, is always cured by it.

The usual symptoms of this disease, Bio chitis, are Cough, Soreness of the Lungs or Throat, Hoarseness, Difficulty of Breathing, Asthma, Hectic Fever, a Spitting up of Phlegm or Mucus, and sometimes Blood. It is an inflammation of the fine skin which lines the inside of the whole of the wind tubes or air vessels which run through every part of the Lungs. The Expectorant immediately suppresses the Cough, Pain, Inflammation, Fever and Difficulty of Breathing, and produces a free and easy expectoration, and a cure is soon effected.

It always cures ASTHMA. Two or three large doses will cure the CROUP, or HIVES of children, in from 15 minutes to an hour's time. It immediately subdues the violence of WHOOPING COUGH, and effects a speedy cure. Hundreds who have been given up by their physicians as incurable with CONSUMPTION, have been restored to perfect health by it.

If this Expectorant be given in the commencement of PLEURISY, INFLAMMATION OF THE LUNGS, or to cure a REBUTALISM, in doses sufficiently large, so as to cause a little nausea for some time, going to bed and covering up warm, it will produce perspiration, and subdue the affections at once.

PRICE \$1.00.

## Tonic Vermifuge.

WORMS IN CHILDREN. Of all diseases to which children are exposed, none are so fatal to them as Worms. Unfortunately, children are seldom free from them, and as they irritate the symptoms of almost every other complaint, they often produce alarming effects without being suspected. They are not only a cause of disease themselves, but by their irritation aggravate all other diseases, wandering from one part of the body to another, winding themselves up into large balls, and obstructing the bowels, and frequently the throat, causing convulsions, and too often death. The desired remedy will be found in Dr. JAYNE'S TONIC VERMIFUGE, which will very soon destroy the worms, and invigorate the powers of digestion so as to prevent a return of them. PRICE 50 cents.

## JAYNE'S CARMINATIVE BALSAM.

This is one of the most efficient, pleasant and safe compositions ever offered to the public, for the cure of the various disorders of the Stomach and Bowels, and the only article worthy of the least confidence for curing CHOLELITH INFANTUM or SUMMER COMPLAINT; and in the above and following diseases, it really acts like a charm, viz:

Dysentery, Diarrhoea, or Lassitude, Cholera Morbus, Summer Complaint, Cholic, Griping Pain, Sour Stomach, Sick and Nervous Headache, Heartburn, Water-brash, Pain or Sickness of the Stomach, Vomiting, Spitting up of food after eating, and also where it passes through the body unchanged; Want of Appetite, Restlessness and Inability to Sleep, Wind in the Stomach and Bowels, Hysteria, Cramps, Nervous Tremors and Twitchings, Sore Nipples, Fumings, Melancholy and Lowness of Spirits, Fretting and Crying of Infants, and for all Stomach Ailments and Nervous Diseases.

PRICE 50 cents.

## Hair Tonic.

NO EXCUSE FOR A BALD HEAD. Since the important discovery of Dr. JAYNE'S HAIR TONIC, every one may, if they choose, preserve their hair from falling off, or it already bold, may, with certainty, have their hair restored again by a faithful and persevering application of this valuable HAIR TONIC.

Please to read without prejudice the following communication, which, in addition to hundreds of others equally respectable, should remove the doubts of every reasonable person of the uniform and singular efficacy of JAYNE'S HAIR TONIC.

HAMILTON, Feb. 15, 1840.

Dr. Jayne—Dear Sir: I cannot say my hair is restored; but I can say that it appears to be in rapid a process of restoration as could reasonably be expected. I had not finished the first bottle, before a decided change was manifest over the bald part of the head, to which it was applied. A new growth of fine glossy hair, much like that of an infant, appeared, and has continued to increase, and I have had it cut two or three times. I have recently commenced upon the third bottle, but have been a good deal irregular in the use of the Tonic from the first, and from this cause I apprehend the effect is at present less than it otherwise would have been.

I began the use of the Tonic with little or no faith that it would ever be successful on my head, though I felt extra confidence in your statements of what it had done for others; and I was as much surprised as delighted when I saw the effect. You recollect the appearance of my head when in your office. I assure you the hair has been nearly, if not quite, an inch long at the time I have had it cut, on those parts which were nearly destitute of any when you saw it. It was, however, very fine, though quite thick. I am flushed with sanguine hope of final success, in the diligent use of your Tonic, which, amidst all the hair hubbubs which have been advertised in the papers, I am constrained to believe is what it claims to be, and that it will make the hair grow, and no mistake, at least on some heads.

GEO. W. EATON.

Prof in Hamilton Lit. and Theological Seminary, Madison County, New York.

## Jayne's Sanative Pills.

These Pills are an excellent, mild and safe purge at all times, and are exceedingly useful in Dyspepsia and obstructions of the Liver. Persons taking them can eat and drink as usual, without fear of injury; and, what is of infinite advantage, making the use of mercurial preparations, so frequently used in derangements of the stomach and liver, unnecessary.

These Pills may be taken at all times, and are beneficial in nearly all diseases. They have long been a favorite prescription of the proprietor for all obstructions of the Liver, Spleen, Kidneys, Uterus, and all other organs of the body—Inflammatory, Intermittent, Remittent, Bilious, and every other form of Fever, Jaundice and Liver Complaint. For Dyspepsia they are really an invaluable article, gradually changing the virulent secretions of the stomach, and producing healthy action in that important organ. They are very valuable in diseases of the Skin, and for what is commonly called "impurity of the blood"; also for Female Complaints, Coughs, &amp;c. &amp;c.—and in fact every disease where an Aperient, Alterative or Purgative medicine is required.

Four-fifths of the numerous and distressing cases of DYSPSEPSIA POSITIVELY CAN BE CURED by a persevering use of this valuable SANATIVE.

They are expressly prepared to be used as an Aperient, when purging is necessary, while using its Expectorant, and for the removal of obstructions in the Liver, which are often attendant on some of the diseases of the Breast.

Prepared only by Dr. D. Jayne, Phil. &amp; Co. And for sale, Wholesale and Retail, by SMITH &amp; PENNO, Booksellers, 14 West Market Square, Bangor, Aug. 23 now &amp; every year.

RHEUMATISM CURED.

Dr. NEW'S Nerve and Bone Liniment and Indian Vegetable Elixir, is the only certain and effectual remedy for Rheumatism, Gout, Contracted Cords, &amp;c. In the most severe cases the above application was never known to fail. We might multiply a volume of testimonial to these facts, but prefer to have persons call where the above may be had, and where they can see such proofs of its efficacy, that would convince the most incredulous.

For sale by G. W. LADD, A. P. GUILDF. and A. YOUNG, Jr. &amp; Co. formerly Holden's. Nov. 11. 3twd and wbm.

## NEW PRINCIPLES OF PURGATION.

## CORNARO'S

## Purifying and Preserving

## PILLS.

THE American public has for a long time been the victim of a false and dangerous system of medicine founded on the practice of LONG CONTINUED AND UNRELIEVED PURGATION. The evils of this old system are of the most widespread and alarming character. They have reached through every vein and artery of our nation—in every city, and village, and hamlet—in every State and Territory of our vast Republic, will be found those who have suffered, or who are still suffering from the injurious effects of this old system, of whose practical utility the disease, decay, and utter prostration of those who test it furnish the most condemning proofs!

## COMMON DRASIC PURGATION.

Scour out the system by the most imprudent and violent means, and then leave it, weak, low, feeble, debilitated, to regain its strength as best it may.—Sometimes the consequences of this old Purgative practice are worse than mere debility. Inflammation of the Bowels, Slow Fever, Bloody Piles, and other horrible disorders are produced, simply from the want of some enlivening and preserving power in the medicine employed. Sometimes the digestive organs are deeply and permanently injured by this coarse and unphilosophical practice, leaving the patient AN INVALID FOR LIFE.

The alarming evils and absurdities of the old system of Purgation, have led to the introduction of a new Life-giving Medicine, called C'ORNARO'S PURIFYING AND PRESERVING PILLS, which are established on this new and only true principle of Purgation, viz:

## NO PURGATION WITHOUT IMMEDIATE RESTORATION.

The use of this admirable Purgative remedy strikes a death blow to that abominable system, which by continually evacuating the bowels without any conserving or saving power, so dreadfully and fearfully prostrates and injures the unhappy patient. These Purifying and Preserving Pills are believed to constitute the perfection of medicine, being a UNIVERSAL VEGETABLE PURGATIVE, containing two great remedies combined: viz: One remedy to PURIFY FROM CORRUPTION, and another to PRESERVE FROM INJURY AND DECAY.

And for the purpose of attaining the highest degree of purity in the preparation of these Pills, Dr. BRADLEY has, at a vast expenditure of time and money, invented and patented at Washington, a chemical and philosophical apparatus for distilling and refining vegetable extracts, called

## THE SEVEN-FOLD FURNACE,

A powerful and novel machine—having Seven Fires and Seven Alembics, with distilling, condensing, and evaporating fixtures of a new and ingenious contrivance, capable of obtaining more than seven times the ordinary purity of any vegetable extract heretofore used in compounding medicine. The Balsamic and Preserving power of these Pills is also, by this invention, highly purified and refined, and so mingled with the operative medicine, that it repairs all the injuries created by Purgation as soon as they are caused, and strongly fortifies the system against future corruption and decay.

Let the public be no longer deceived by the advertisements of the "one remedy" doctors, who show their entire ignorance of the organic laws of the human system by supposing that a medicine which purges merely, without renovating or preserving, can be a perfect remedy. For it is a fixed and immutable law of our being that there should be, in no case, Purgation without immediate Restoration; and hence it follows, and is proved to demonstration, that all Purgatives which DO NOT possess a saving and preserving power, are injurious and injurious only, and possess NOT ONE REDEEMING QUALITY.

The whole theory of common drastic Purgation is based upon unnatural and absurd laws, and they who follow it fall victims to their own folly, and too late repent their temerity.

## BEWARE OF UNRELIEVED PURGATION! Purge and Preserve, or do not attempt to Purge at all.

The celebrated PURIFYING AND PRESERVING PILLS, purify the body from corruption and preserve it from injury and decay by a single operation. They are a Universal Vegetable Purgative, of sovereign use in all diseases of the human system in which purgation is required, particularly in Jaundice Indigestion, Dyspepsia, Eruptions of the Skin, Scrofula, Piles, Costiveness, Bilious Disorders, Liver Complaint, Fevers, Nervous Disorders, Inward Weakness, Cholic, Dysentary, Worms, Gout, Rheumatism, Female Complaints, Depression of Spirits, Debility of System, Fits, &amp;c. &amp;c.

Price 25 cents per Box, with full directions, Essay on Health and Long Life, &amp;c.

Sold, wholesale and retail, by the sole proprietor, D. F. BRADLEY, 79 Court Street, corner of Brattle street, Boston.
